

High Rollaways Buckley Michigan

44°29'03.0"N 85°33'33.0"W

<http://mynorth.com/2008/10/buckleys-big-view/>

Simple directions from TC:

To get there, head south of Traverse City on M-37 to Buckley. From the blinking light, head east on Buckley Road to the first stop sign (N17) and turn right. Go to the next stop sign (W4) and turn left. Follow the blacktop about 3.75 miles, and where the road curves sharply left, go straight onto a well-traveled dirt road.

More detailed directions:

Traveling south from Traverse City on M37, you will come to the blinking light in the town of Buckley.

Turn left at the blinker and travel until the road ends at a T.

Turn right and drive until you reach the next stop sign.

Turn left on the pavement (all other choices are gravel).

You will drive several miles on this road until it makes a sharp left curve. Instead of following the pavement around the curve, go straight on the gravel road.

Follow this road which travels through open fields and it will have branches, but always keep to the main track. Finally you will see a sign for the overlook parking lot.

IMPORTANT INFO: You will walk up a trail and see a so-so view of the valley, TURN LEFT AND FOLLOW THE TRAIL LESS THAN A ¼ MILE TO THE OUTSTANDING OVERLOOK WITH A VIEWING PLATFORM! THIS IS THE SHOT YOU ARE LOOKING FOR.
